

## PRY BARS *with a difference*

The DAWN pry bars are available in screwdriver, aligning or rolling head (lady foot) style. They are:

- Forged from the highest quality alloy and carbon steel.
- Full shank heat treated for maximum strength and durability.
- Finished in black oxide to resist corrosion.
- Conform to ANSI and ASTM for steel standards, physical properties and testing.

### SCREWDRIVER TYPE PRY BARS

*For prying and lifting*

- The cellulose acetate plastic handle is ergonomically designed to provide a more comfortable and secure grip.
- Available in either straight or curved head style. The curved blade gives extra leverage.
