

# CROSS SLIDE VICE TABLES

## Features:

- Cross Slide Table enables any Dawn Vice to have a Cross Slide capability.
- Provides a cross slide capability in the X and Y axis
- Swivel base model has an additional rotary capability
- Sturdy construction
- Dial indexed handle in 0.01mm graduations
- T slot vice mounting
- Adjustable slide tension
- Table position locking capability

## Ideal for:

- Repetitive multi axis work (drilling, machining, milling)
- Reducing setup times
- Ease of tool change for repetitive jobs
- Ease in-job maintenance.
- Compounding operations into the single setup
