

STAINLESS STEEL FABRICATED ENGINEERS' VICES MARINE GRADE 316

- Designed for all heavy duty work in marine, chemical and specialist environments.
- Manufactured from Marine Grade 316, non magnetic stainless steel which is corrosion resistant.
- Comes as Standard or with 'Offset advantage' which allows the user to work on long vertical sections with the full width of the jaws without obstruction from the main body of the vice.
- Replaceable case hardened jaws, with a 'V' notch to hold round objects.
- Precision machined bearing surface for smooth operation.
