

## THREE WAY TILTING VICES

This vice provides for 3 axis setting of the work piece required in special milling, drilling, grinding, shaping and jig boring applications. Vice has 2 angular slides which allow the work piece to be set to any desired angle. Vice has 45° tilting range on both sides and 90° vertical indexing.

The 360° swivel base further allows rotation along the vertical axis.

Use of high tensile grade 10.8 fasteners along with specially designed “hold down” clamp which provide full surface contact, ensures rigid positioning of the vice.
