

TOOLMAKERS VICE

These solid one-piece vices with all steel construction are fully hardened and ground. Precision grinding on all surfaces makes them an ideal clamping tool for die making and other tool room applications.

A: Screw Type

The spindle has precisely cut square threads for positive clamping. Gun metal bushes reduce wear and tear.

B: Screwless Type

Vice has V grooved jaws for holding round jobs. Rapid positioning notches allow for quick and efficient setting.

| PART NO. | TYPE | VICE SIZE JAW WIDTH MM | MAX. JAW OPENING MM | JAW HEIGHT MM | WT KGS |
|----------|-----------|---------------------------|------------------------|------------------|-----------|
| 61575 | Screw | 70 | 70 | 40 | 4.9 |
| 61570 | Screwless | 50 | 78 | 25 | 1.8 |
| 61571 | Screwless | 75 | 95 | 35 | 3.5 |
